

# INBOTS

Inclusive Robotics for  
a better Society

## INBOTS Conference 2021

Experts from academia, industry, policy makers and EC  
representatives gathered around **INBOTS European project**

"Inclusive Robotics for a better Society"

Find out the final results  
and developments achieved  
in the INBOTS project  
and the pave for its sustainability

Bringing together speakers  
specialised in Interactive  
Robotics from all over  
Europe and the worldwide

### INBOTS CONFERENCE KEY DATES

Three days of lectures / 18-20 May  
Virtual Platform / VirBELA  
Free Registration

### Agenda

	<b>Tuesday 18</b>	<b>Wednesday 19</b>	<b>Thursday 20</b>
<b>11:00 – 14:00</b>	General session: Inclusive Robotics for a better Society	Promoting Highly Accesible and Multidisciplinary Robotics Education Programs	Alternative Approaches to Liability in Robotics
<b>14:00 – 15:00</b>	<b>Lunch break</b>		
<b>15:00 – 18:00</b>	Interactive Robotics – supporting tools for SMEs including standardization aspects	How to promote interactive robots? Policies & best practices	Debate on legal, ethics & socio-economic aspects of interactive robotics

**REGISTER**

# INBOTS CSA promotes collaboration between four **pillars** in relation to Interactive Robotics, to work on six main **domains**

A consortium of 25 partners from 12 different European countries bringing together experts from different disciplines to establish a working synergy between all the relevant stakeholders in Interactive Robotics and to promote Interactive robotics understanding and acceptance.

This Project has received funding from the European Union's Horizon 2020 research and innovation program under grant agreement No 780073
